Further information on website or call 780-474-2318

“Do you really have to be eating pizza to play the Italian Opening?”
Student asks chess instructor

Special Notes to Parents of School Program Chess Players:

1. When corresponding via e-mail about your child with Roving ChessNuts headquarters and/or instructors, please always put the full name of your child and name of his or her school. Our office is dealing with hundreds of students and some of the instructors have over 150 students. Same applies to phone and text messages.
2. We generate computer receipts for all class/camp/school program fees and tournament participants, but have in the past run into problems trying to distribute the receipts at the schools because they get left behind, lost on the way home or never taken out of backpacks or missed among other school paperwork. If you need a receipt for tax purposes, let headquarters know or the individual instructor and the receipt will be brought to a specific school class or other arrangements can be made.
3. Because credit card payments must be processed through another service not named Roving ChessNuts (Scope Printing), we are encountering parents disputing card statement charges. Therefore, if you wish to pay school program fees or camp/class fees by credit card, you must call 780-474-2318. This will aid both keeping your card number confidential and giving more assurance that a card charge is not disputed.

Thank You!
